*Policy Title: Wireless Access

Policy Number:

*Date Established: [original date of approval]   May 1, 2019

*Office with Administrative Responsibility: Leddy Library

*Approver: Leddy Library

*Revision Date(s): [fill this in each time an amendment is approved]

Introduction /Background / Purpose

To describe wireless access services at Leddy Library.

Application / Scope of Policy

We have restricted wireless access and patrons need an active UWinID or a member institution in Eduroam (https://www.eduroam.org/).

Connecting to Wi-Fi; instructions for using Eduroam:

Eduroam is a network used by many universities, and your UWindsor sign in will work at any campus

that uses eduroam.

1. Open Wi-Fi settings on your device and select the "eduroam" network
2. Depending on your device you will be prompted for different settings. Here is the list of all possibilities:
   Fill in any you see. (Most computers will only ask for Username and Password)
   - EAP method: PEAP
   - Phase 2 authentication: MSCHAPV2
   - CA certificate: Use System Certificates (or leave blank if this is not an option) or Do not validate
   - Identity (username): Your full UWindsor email (example@uwindsor.ca)
   - OR: Anonymous identity: Your full UWindsor email (example@uwindsor.ca)
   - Password: Your UWinID password
3. If prompted to trust a certificate after signing in (mainly iPhone) click trust.

Exceptions to Policy

Guidelines:

(Exceptions to the rule)

UWindsor staff/faculty & students will still need to login with their UWin ID & password to access databases on their personal devices. Patrons without a UWin ID or password can access databases on our public workstations.

We have a limited number of USB flash drives at the Information Desk that patrons can borrow if they need to transfer a file from a laptop to our workstations if they need to print a document.
